

SHAMLA NOUFER

COMPUTER SCIENCE UNDERGRADUATE | ASPIRING WEB DEVELOPER | TECH ENTHUSIAST

CONTACT

- +94 772812449
- shamlanoufer@gmail.com
- Kandy, Sri Lanka
- LinkedIn
- GitHub Portfolio

SKILLS

- Communication
- Teamwork & collaboration
- Adaptability
- Leadership
- Time management & organization

LANGUAGES

- English (Fluent)
- Sinhala (Fluent)
- Tamil (Conversational)

PROFILE

Motivated and detail-oriented BSc (Hons) Computer Science undergraduate with a strong foundation in programming, design, and problem-solving. Skilled at planning, analyzing, and executing projects with a focus on creating user-friendly and efficient solutions. A collaborative team player with excellent communication and organizational abilities, eager to contribute to meaningful projects while continuously learning and growing professionally.

EDUCATION

SLIIT Kandy UNI	2024 – Present
Higher Diploma in Information Technology	
University of Bedfordshire	Starting September 2026
BSc (Hons) Computer Science (Top-up Degree)	
Good Shepherd Convent, Kandy	2010 – 2023
GCE Advanced Level, Biological Science Stream	

PROJECTS

GlowGuide — Skincare Mobile Application

Java, Android Studio, Room DB, Retrofit APIs

- Developed an Android skincare app with product tracking, routines, reminders, and daily progress logs.
- Integrated Weather, Quotes, Timezone & Product Lookup APIs.
- Implemented authentication, multi-screen navigation, and Room-based persistent storage.

SLIIT City University Website Redesign (UI/UX Project)

Figma, UI/UX Principles

- Redesigned the full website using user-centered layouts and improved information architecture.
- Created wireframes, prototypes, and a component-based design system.
- Applied usability and accessibility principles to enhance user experience.

VaultX – Multi-Bank Account Management Mobile App (UI/UX Project)

Figma, UI/UX Design, HCI Principles, Prototyping

- Designed a multi-bank mobile app UI with secure account connection, transfers, and bill payments.
- Applied Human Computer Interaction (HCI) principles to ensure intuitive and accessible user flows.
- Created wireframes and high-fidelity UI screens using a user centered design approach.

TECHNICAL SKILLS

Programming Languages

- Java (Intermediate), Python (Basic), C/C++ (Basic), R (Basic)

Web Development

- Frontend: HTML5, CSS3, JavaScript, Bootstrap, jQuery
- Backend: Node.js, PHP
- Databases: MySQL, MongoDB

Mobile Development

- Android Studio, Java, XML UI, Room Database, Retrofit

UI/UX Design

- Figma (Wireframing, Prototyping, Design Systems)
- UI/UX Principles, User Flows, Information Architecture, Responsive Design

Tools & Platforms

- Git & GitHub, VS Code, Android Studio, NetBeans, Ubuntu Linux
- Networking & Systems
- Cisco Packet Tracer, Wireshark

TECHNICAL INTERESTS

- UI/UX design with a strong emphasis on user-centered design principles
- Front-end and mobile application development using modern web technologies
- Artificial Intelligence, actively exploring core concepts through hands-on learning projects

Statistical Analysis of Automobile Fuel Efficiency

RStudio, ggplot2, dplyr, Inferential Statistics

- Performed descriptive, inferential and chi-square analysis on Auto-MPG dataset.
- Visualized fuel efficiency relationships and produced a research-style analytical report.

International Museum & Cultural Heritage Network Design

Cisco Packet Tracer, VLANs, EIGRP, BGP, ACLs

- Designed a full multi-site enterprise network for six international branches.
- Configured dynamic routing (EIGRP/BGP), VLAN segmentation, DHCP, wireless, STP, and port security.
- Implemented ACLs and verified end-to-end connectivity and redundancy.

Aura & Co. — E-commerce Platform

HTML, CSS, JavaScript, MySQL,PHP

- Built a full-stack jewelry store with authentication, wishlist, cart, and admin dashboard.

Student Record Management System

Node.js, MongoDB, Express.js, Bootstrap

- Developed a responsive CRUD-based platform with RESTful API endpoints.
- Implemented secure user flows and database-driven UI components.

LogisticsAutomation-G3 — Logistics Management System

Java Swing, MySQL

- Designed and developed the full logistics management system, including delivery scheduling, driver assignment, order processing, and reporting modules.

VOLUNTEER EXPERIENCE

Batch Representative

(2025– Present)

SLIIT Kandy UNI

- Act as a liaison between students and faculty to support academic coordination and communication

Committee Member – Science Society

(2021 – 2023)

Good Shepherd Convent, Kandy

- Assisted in organizing science-related events and student engagement activities.

House Vice-Captain

Good Shepherd Convent, Kandy

- Represented the school in inter-house activities and supported event coordination.
